3. The EC has taken note of the stray dog issue in AOS and the recent incidence related to the same. It was decided to continue our efforts both with the government & Alliance to make this place free of stray dogs and decided to request all parties to care for the residents as well.

4. To work consistently towards adding new members and as part of that effort all members would be requested to bring one new member to just double our strength. As we have made good progress and enough visibility created it is hightime we take up this seriously.
